Aadhaar Seeding of ESI Insured Persons and their Family Members

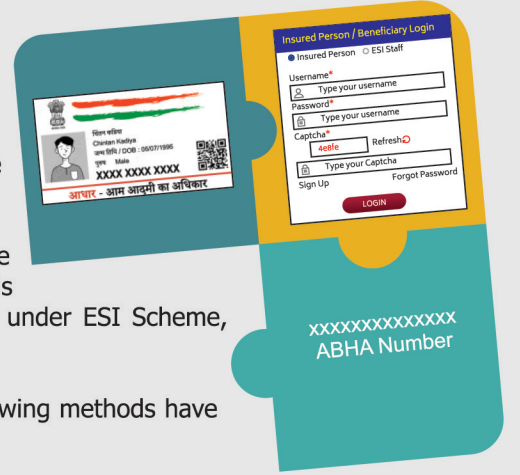

All Employers Andhra Pradesh Region

Madam / Sir,

We are writing to follow up on previous communication from ESIC regarding the Aadhaar seeding of Insured Persons and their family members.

The ESIC Headquarters has emphasized the critical importance of expediting the Aadhaar seeding process for all the Insured Persons & their family members. This initiative is aimed at ensuring hassle-free access to medical and cash benefits under ESI Scheme, preventing duplication of I.P. numbers, and maintaining accurate personal details.

To facilitate a simplified and self-sustainable Aadhaar seeding process, the following methods have been adopted;

Employer's Login

Employers can assist in Aadhaar seeding for IPs and their family members through their respective logins.

Online Self-seeding

Insured Persons (IPs) and their dependents can independently complete Aadhaar seeding via ESIC-IP Portal.

ESIC Branch Office & ESI Hospitals

IPs and their dependents are encouraged to visit the ESIC Branch Office & ESI Hospitals for getting Aadhaar no. seeded.

AAA+ Mobile Application of ESIC

Aadhaar seeding can be completed using face recognition & OTP through ESIC Mobile Application (AAA+). The Mobile Application, "Ask an Appointment" may be downloaded from the Google Play Store.

Bulk Aadhar Seeding

Employer may now get Aadhaar data seeded in ESIC database by uploading bulk Aadhaar seeding template. A 'User Manual' on bulk Aadhaar seeding is also attached herewith for ready reference.

For any assistance with Aadhaar seeding, please do not hesitate to contact the nearest ESIC Branch Office or ESI Hospital.

The active participation of the employers and all the stakeholders are requested to ensure the timely completion of Aadhaar seeding. This proactive approach will help avoid potential difficulties in obtaining benefits under the ESI Scheme for Insured Persons & their dependants.

Thank you for your co-operation.

Yours sincerely,

Alluri Venu Gopal
